

GHOSTLY IMAGES OF GETTYSBURG 2009

Ghostly Images of Gettysburg was founded in 2003 with one goal in mind, to provide quality supernatural adventures. We feel that the tours and “spooktacular” events that we offer have helped us attain that goal. We offer three completely different walking tours that take you **INSIDE** a haunted building.

HAUNTED ORPHANAGE TOUR

You can enter a Haunted Orphanage and journey down the original wooden stairs to the dingy, dark dungeon where a cruel headmistress chained the children to the stone walls. On this tour you will hear stories of the other cruel treatments she inflicted on her charges, treatments that lead to the spirits lingering throughout the building today.

Before entering the Orphanage, your guide will take you on a short walk around the neighborhood. You will be treated to haunted tales of the Dobbin House, Steinwehr Avenue and National Cemetery. The haunts behind the Orphanage are of special interest and will make you wonder if you wish to pass through the doors into the realm of the supernatural. **Enter if you dare!**

THE JENNIE WADE TOUR

Our second walking tour proceeds through the South side of town. This tour traverses the area of East Cemetery Hill. You will stop for curious tales of ghostly soldiers, heartbroken women, Poltergeists and other assorted Ghostly activity.

You will enter through the same door, where a bullet passed on July 3, 1863 and killed Jennie Wade, making her the only civilian to die during the battle of Gettysburg. The Ghostly tales of this house have been recorded in numerous books and holds the proud distinction of being on the Travel Channels list of haunted houses. In October 2008 it was featured on television’s “Most Haunted”, and was singled out by the lead investigator as the **“MOST HAUNTED IN GETTYSBURG”**.

The stories alone are chilling enough but now through modern technology provided by Ghost Researchers, we have evidence that cold spots roam the stairs and rooms, chains swing freely for no reason, rocking chairs move when empty. The voice of a small boy calls out “Play With Me”, A man calls from the cellar, “We’re down here”.

THE HAUNTED HALL

Our third offering is the best suited for those with limited walking ability. You will only travel one-half block and seating is available during most of the tour. As the tour begins outside the Hall you will hear haunted tales of Presidential sightings here in Gettysburg. After entering the Hall of Presidents and taking a seat, your Guide will continue with more stories from the **“other**

side". Ghostly Tales of past Presidents and their families are explained as your guide points out the man behind the story. Stories of Washington DC, The White House, Presidents Homes and other sites are explored. Next, you will be led into the cellar of the Hall of Presidents for some of the firsthand accounts of spirit activity. As you listen to the guide's presentation, the lights will go out, leaving you in the dark, to experience the thrill of being with the spirits in total darkness.

So if you are "dying" to enter any of these haunted sites, we can accommodate you. Please bring your camera, the ghosts are photo friendly.
